PROFESSIONAL EXPERIENCE

Production Manager / Director / Technical Director — WLFT-TV, Baker, LA
January 2022 – August 2022

- - Directed live shows and in-house productions, leading a production crew of 10+ to consistent broadcast standards
- - Ensured 0% downtime across 50+ live events through proactive equipment testing, troubleshooting, and technical direction
- - Built virtual sets, motion graphics, and broadcast packages, increasing viewer engagement and retention
- - Directed live multi-camera programming reaching a weekly audience of 50,000+
- - Introduced streamlined production workflows, cutting turnaround time for new shows by 30%
- - Managed station gear, coordinated maintenance/repairs, and trained crew members to high-quality output standards under strict deadlines

Production Manager / Content Creator / Content Strategist — DFS Marketing, Inc., Conroe, TX
December 2018 – February 2020

- - Managed and trained a creative team across video production, live events, and technical operations
- - Produced and directed live sales-event broadcasts, coordinating all audio, video, staging, and technical gear setup
- - Evaluated, sourced, and set up all A/V equipment for events including cameras, monitors, PA systems, and podiums
- - Directed live-streamed events generating six-figure revenue while ensuring seamless technical execution
- - Served as in-house technical support, maintaining and troubleshooting AVL and computer systems
- - Boosted audience/client engagement by 30% through consistent, high-quality live and recorded content

Head Director / Technical Director / Producer — KVHP-TV FOX 29, Lake Charles, LA
November 1998 – July 2006

- - Directed 2,000+ live broadcasts and in-house productions with zero FCC compliance issues
- - Recruited, trained, and mentored a 10-person operations crew, improving efficiency and reducing turnover
- - Supervised scheduling, staffing, and performance reviews for part-time production staff
- - Maintained and repaired all production and broadcast equipment, coordinating upgrades and purchases
- - Produced award-winning promotional content, including the Addy Award–winning "Sunny That Morning Show" campaign
- - Delegated tasks, set priorities, and reviewed completed work to ensure consistent production quality

Video Producer / Audio Engineer / Technical Coordinator — Capital Technologies, Inc., Houston, TX
October 2011 – September 2016

- - Designed and operated live pro-audio systems and consoles for concerts, events, and studio productions
- - Coordinated all technical needs for live performances, including gear setup, sound checks, and troubleshooting
- - Recorded, mixed, and archived multi-track live performances for promotional and archival use
- - Maintained studio and A/V infrastructure, ensuring reliable equipment performance for every event
- - Produced multimedia content for nonprofit and museum clients, driving 15–25% audience growth per campaign

Founder / Creative Director — Carr Multimedia, Houston, TX (Freelance)
November 2000 – Present

- - Direct end-to-end live and recorded production: planning, crew leadership, filming, editing, and delivery
- - Manage freelance production crews, set schedules, and coordinate vendor/equipment logistics for events
- - Design broadcast graphics, show packages, and virtual sets for client productions
- - Streamlined production workflows, reducing turnaround time by 25% while maintaining quality standards
- - Delivered projects consistently 10–15% under budget without sacrificing production value
