Hiring Team — Creative Services
KXAN / Nexstar Media Group
Austin, TX

Dear Hiring Team,

I'm applying for Producer I, Commercial (REQ-43266) at KXAN. Commercial production from concept to completion is the center of my career: at Reel Connection Media I produced and edited hundreds of commercials and corporate videos — scripting, shooting, graphics and animation, editing — and delivered every one on time, a 100% record across five years of deadline work for account executives and their clients. My commercial and promotional reel is at John Carr · Portfolio .

I bring the full stack your posting lists: advanced Adobe Creative Cloud (Premiere Pro, After Effects, Photoshop, Audition, Media Encoder), camera and DSLR shooting with lighting and sound acquisition, motion graphic design, and directing on-camera talent of every experience level. At KVHP FOX 29 my promotion work won an Addy Award for the "Sunny That Morning Show" campaign, and as owner of Carr Multimedia I spent 25 years coordinating productions directly with clients — locations, talent, music, voice-over, and equipment — which is exactly the coordination this role runs on.

Your posting lists live, multi-camera production as preferred; that's my foundation. I directed more than 1,000 live broadcasts as Head Director at KVHP and served as Technical Director at WLFT-TV and KPLC-TV, so I work comfortably inside a station environment and its equipment.

I'd welcome the chance to show you the reel in person and talk about KXAN's commercial work.

Thank you for your consideration.
Sincerely,
John M. Carr
